The Targetted Public Distribution System (TPDS) was introduced in the U.T. of Puducherry with effect from 01.07.1997 as per the directions of the Government of India. As per new Enumeration done in the Union Territory during 2004 the cardholders have been classified into two categories based on their standard of living and issued two different types of ration cards in the month of August 2005 i.e., yellow cards to the Above Poverty Line (APL) families and Red card to the Below Poverty Line(BPL) families.

Under Targetted Public Distribution System, 35 Kgs of rice is being allocated by Government of India at the Central Issue Price of RS.5.65 per kg and the same is distributed to Below Poverty Line cardholders at subsidized rates as detailed below:

20 Kgs at Rs.4.00 per Kg and the balance

15 Kgs at Rs. 6.00 per kg.

For compensating the loss incurred to the wholesale nominees in selling rice at a price lower than the Central Issue Price, this administration is giving subsidy @ Rs.2.35 per Kg for selling at Rs.4.00 per kg and at Rs.0.35 for the retail issue price of Rs.6.00 per kg. The amount is paid in advance to the wholesale nominee for every two months.

The number of beneficiaries and the total subsidy incurred is as follows:
