(B. THILLAIVEL)

**DEPUTY CHIEF ELECTORAL OFFICER**

Encl: As above.

## **Annexure**

### **Introduction:**

The Chief Electoral Officer, Puducherry invites bids from the Companies/Agencies/Firms who deal with the GPS Based Vehicle Tracking Solution for General Elections to Lok Sabha, 2024.

The GPS Based Vehicle Tracking Solution will have to be fitted for all the vehicles that will carry the EVM/VVPAT/Election material and Flying squad proposed to be engaged during General Elections to Lok Sabha, 2024, in all four regions of the UT of Puducherry (Puducherry, Karaikal, Mahe and Yanam regions).

Installation of the vehicle tracking systems/solutions (Approx. 300 GPS Devices, subject to change on requirements) to be commissioned to the vehicles engaged by all AROs Offices located in Puducherry, Karaikal, Mahe and Yanam regions in the UT of Puducherry.

### **Detailed Scope of work:**

Dedicated GPS Based Vehicle Tracking Solution will be installed through GPS device in the vehicles hired / Rented / Owned /appointed by Assistant Returning Officer(s)/District Election Officer(s)/Chief Electoral Officer, Puducherry for Flying squads and vehicles meant for movement/transportation of election material/EVM's/VVPAT's/ Election Staff designated to various destinations/polling booths and to the designated collection centers as directed from time to time by election authorities or an officer acting on his behalf, so as to track and monitor the movement of election duty vehicles on real time basis.

These systems will constantly update the real-time location, movement, speed, and other critical information about vehicle to the Election department on a web platform accessible by Mobile/Desktop/Laptop. Election officials can also access various reports such as route history, idling time, over speeding route deviation and geo fencing based on requirement. This is a complete automated system which does not require manpower or operator presence. The system will aid in preventing misuse of vehicle and also facilitate easy dispatch of vehicle based on location proximity during emergency.

The successful bidder has to undertake the vehicle tracking services of election duty vehicles from the date of announcement of the code of conduct till the completion of Election process, with the installation of the necessary hardware with suitable proven web based link along with the supply of other related items like SIM and manpower without damaging the electrical circuit of vehicle.

The vendor has to provide sufficient manpower to all the regions of the UT of Puducherry for attending the complaints then and there.

The vendor has to provide necessary training to the required Officials who are involved in monitoring the vehicle tracking software. Segmentation of total devices into multiple zones to be accessed by a separate user credential. The vendor shall provide real time reports of vehicle in operation, history, route taken, deviation from route, delay and trip reports etc.

Vehicle Tracking System should be available in web platform as well as mobile application (Both Android & iOS). It is desired that the supporting Software and its Database of Web & Mobile Application for the Vehicle Tracking System to be set up and hosted by the successful bidder on the Server within the Geographic Boundary of India.

**Rate for the supply of GPS Devices on hiring basis for fixing in the vehicles used for the General Elections to Lok Sabha 2024 in the UT of Puducherry.**
