MESSAGE

· **Diwali** the 'Festival of Lights' signifies the victory of good over evil and victory of light over darkness. Let the light that illuminate our homes and hearts guide us to share the spirit of joy with all and create a festive atmosphere in which the poor and underprivileged too join.

May the festival of lights brighten the lives of the people with good health, wealth, knowledge, fame and usher in joy and happiness.

On this day of celebration, I convey my heartiest wishes to the people of Puducherry.
