-XX-

Many contractors have informed that they have faced problem in remitting EMD through online due to server problem and hence they are not able to upload the tender. When checked with NIC, NIC has confirmed that there exists some technical problem in online payment of EMD.

Hence, in order to ensure giving fair opportunity to willing contractors and to encourage more competitiveness, it has been decided to give sufficient time for submission of tender.

Therefore, online submission and the opening of tender schedule on 13-06-2023 is postponed to 20-06-2023 at 9.30 A.M and 10.00 A.M. respectively.
